

Social Activities In Red

Various ways and means were suggested by the commission at their meeting Tuesday, March 25, in room 4, to raise funds for the now "in the red" Social Activities department.

It seems as though last week's "Spirit Dance," in the words of Advisor B. L. Borough, was "definitely not a financial success." Walt Trotter, who was absent from the meeting, tried vainly to drum up a crowd but his efforts went for naught, according to Borough.

FORMAL DOUBTFUL

The Annual Spring formal hangs in the balance, and unless some changes are made in the financial department, the college will have to give up the idea of

(Continued on Page 2)

Deputation Committee Has Busy Schedule

The Salinas Junior College Annual Deputation Committee has a busy schedule for the coming semester.

Their first performance will be here at Salinas Junior College on April 9. They will also appear at the King City and Gonzales high schools on April 11.

Other performances will be at Pacific Grove, Carmel, Monterey, Santa Cruz, Watsonville, Morgan Hill, Gilroy, and Hollister high schools.

Students from the speech, drama, music, and physical education departments will take part in the programs.

Dance Last Saturday Very Novel

Theme for the dance last Saturday night was "Rattle Your Bones," or Spirit Dance. Students danced in the men's gym from 9 to 1 o'clock to the music of Randy Emlay and his orchestra.

During the intermission, Miss Patria Morales, a student at Salinas Junior College dance a Philippine Island folk dance. Miss Morales was accompanied by Miss Gertrude Lowe, college music instructor. Mr. W. G. Norris played Rachmaninoff's "Concerto in C Sharp Minor" and "Jealousy."

The Social Activities Committee, headed by Commissioner Walter Trotter, sponsored the dance. Members of the committee that worked on the dance preparation were Pattie Weatherbie, Jean Emery, Martha Breslauer, Ruthie Alarid, Bertha Black, Shirley Paul, Mary Anderson, Bonnie Klein, Bob Bushta, and Wes Hammond.

These students worked all Saturday afternoon in order that suitable decorations might be had for the Spirit Dance.

Student Play Still Needs Added Props

Miss Faith Fraser, "January Thaw" director, announces that some of the properties for the play are still needed. Things needed are an old-fashioned churn and cradle; also needed is an ox-yoke. If anyone brings one of these props, a free ticket will be given to go to any of the three performances.

Men's Gym Scene For Gala Dance

"The men's gym will be the scene for the gala Block 'S' dance tonight," announced Harold Hunter, Block "S" president. "All-out efforts by club members will make this the 'event' of the season, so plan to attend the gaieties and entertainment this evening."

Tony Vyeada's orchestra from Watsonville will furnish the melodies for the dancers' pleasure.

(Continued on Page 2)

Standout Election This Noon

Cast your votes today! The primary election to select the outstanding man and woman of the campus is being held between 11 and 1 o'clock in front of the main office.

The three highest vote getters of each sex will vie in the election run-off to be held the following Friday after Easter vacation. Any student obtaining a majority in the primary will be considered the winner.

An engraved matching pen and pencil set will be awarded to the students' choices. Student body members must show their student body cards in order to cast their ballots.

Voters are reminded that this is not a popularity contest, but an important election based on outstanding achievements and contributions to the school during the year. The election is under the direction of the student body commissioners who are interested to see full participation of the student body members.

Visalia Meet Huge Success

Last Friday, Tony Mercante, A.S.B. president; Mr. B. L. Borough, faculty advisor; and Marge Diaz, frosh commissioner, attended the California Junior College Association Conference at Visalia. The conference lasted until Saturday when the wearied delegates disbanded.

The conference was well attended, since approximately 40 junior colleges were present, according to President Mercante. Many vital questions were discussed and resolutions passed.

Main topic voted on, and to be sent to the State Legislature, was a resolution against the Ten-

(Continued on Page 2)

Pomona College Glee Club To Appear Here

Friday, April 11, the Pomona College Men's Glee Club will appear at Salinas Junior College.

The time of the program, which has not yet been decided upon, shall be announced on April 11.

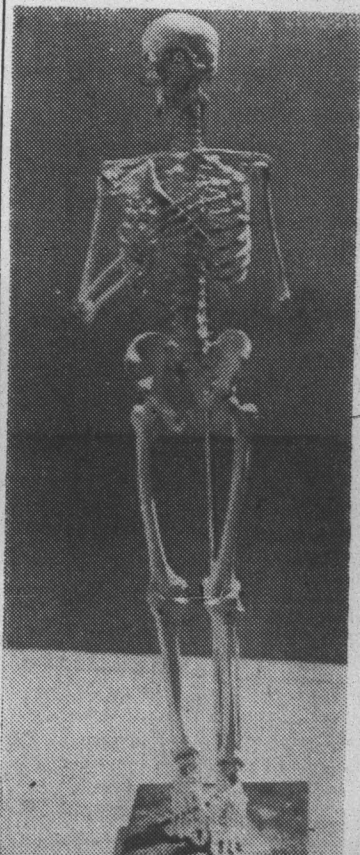

Glee Club Director, Dr. Ralph H. Lyman, who for 30 years has brought musical fame to Pomona College, this year presents a group of 28 carefully selected and trained voices.

Past holders of National Collegiate Championship, and winners of numerous championships in annual Southwest Glee Club contests, this club offers a repertoire of songs suitable for any occasion.

ADVERTISING STUNTS BOOST "SPIRIT DANCE"

Before last Friday's "Spirit Dance," a group of enthusiastic students carried out a series of publicity stunts designed to boost attendance for the coming dance. At lower left, Wes Hammond on the left, and Harry Lee, carry off the remains of J.C. school spirit depicted by Tony Mercante. Looking on are, from left to right, Martha Breslauer, Don McDermed, and Ruthie Alarid. In the center picture, from left to right, are Pauline Person, Irene Guidotti, Rosie Ferrasci, and Gloria Brodie, all lamenting the passing of J.C. Spirit. On the far right is one of the spirits that attended the dance.

THINKING OUT LOUD

By "TOPPER" ARNETT

California Junior College Student Government Conference presented a united front against the Tenney bills last Saturday when they unanimously ratified a resolution affirming their faith in both their teachers and in the principle of unfettered instruction.

The conference is to be commended for their unanimous stand against the bills that would deprive students of free unregimented public instruction in the state of California.

With one bill, Senator Tenney would put a stop to the teaching of all controversial subject matter. There is not a subject now taught in a California school that is not controversial.

This bill would also make it unlawful to use or distribute propaganda material in a state supported school. Any text book or reference not answering to the requirements of the body politic behind this bill could be defined as propaganda. This move could easily result in a wholesale book-burning purge throughout the state.

Another measure would restrict instruction in sex and marriage to an individual consultation between physician and patient basis. This would greatly limit the education of students in a subject which directly affects the happiness of every individual and the stability of our society.

This bill is a direct stab at the honesty, loyalty, and competency of the members of the teaching profession. The bill implies that the teachers of this state are inefficient, and are not capable of carrying out the duties of their proud profession.

The people of California, in the last election, voted legislation designed to make the teaching profession more desirable. Yet, in this one bill a representative of the people would rob teachers of the rights of their profession, making them mere figureheads of a political machine.

These outrageous bills are a definite step toward facism, and must be defeated by the united efforts of the people of California.

These bills are contrary to the spirit of the constitution, and if enacted will prove highly injurious to the carrying out of the democratic principles of the United States.

WAA TO MEET

W.A.A. will have an important meeting in the women's gym at 3 o'clock Monday, April 7, to complete plans for the sports day to be held here April 19 for San Jose State, Hollister J.C., and San Luis Obispo J.C.

VISALIA...

(Continued From Page 1)

ney amendments to the State Education Code. The Tenney bills will soon be presented before the legislative committee of the California State Teachers' Association.

"This bill is so prohibitive and undemocratic," President Mercante asserted, "that free education will be hamstrung. This include every subject taught in the classrooms today."

San Francisco J.C. stated that their commissioners would present their own petition against the Tenney bills in person at the State Legislature.

Next topic of importance was the discussion on the Western State Conference, composed of the following seven insurgent schools: Compton, Los Angeles City College, Pasadena, Muir, Ventura, Long Beach City College, and Phoenix.

These schools bolted from the Federation of Junior Colleges and now wish to be reinstated. E.L.A.J.C. presented a resolution to be signed by all present asking the federation not to reinstate the insurgent schools. This discussion led to a heated filibuster.

The committee on the constitution turned in the product of their work which was passed by the conference members. The conference lasted well into the afternoon with many topics presented.

Easter Vacation Begins Tomorrow

Students of Salinas Junior College have been looking forward with great anticipation to Easter vacation which will begin March 29 and end on April 7.

Many students will be headed for Forest Pool, situated high in the Santa Cruz Mountains. Others prefer relaxing on the beaches at Pacific Grove, Carmel, and Santa Cruz.

A few will be going to Big Sur and others will be going to the big cities of Los Angeles and San Francisco. And then there are some who will spend their vacation quietly at home with only an occasional movie to break the monotony.

Nevertheless, vacation time is here again, so have a good time, everybody, even if it does rain. Classes resume April 7.

Students Speedier

"The fastest one yet this year" was Mr. John Lemos' statement about the fire drill which was held Tuesday, March 25, shortly after 11 o'clock.

It took approximately a minute's time to clear the junior college of students and faculty, which was much better than usual.

J.C. Concert Orchestra Performs For Salinas "Friends of Music" Series

Salinas Junior College Concert Orchestra will be featured at the Friends of Music series in the band room in the music building at the Salinas Union High School on Tuesday, April 8, at 8:15.

The program will be as follows: Italians in Algeria Over-

ACTIVITIES IN RED

(Continued From Page 1)

holding one.

Several ideas were offered by the commissioners. Dave Geery, sophomore representative, stated, "Let's take a percentage of all the dances sponsored by the various clubs." However, his idea was cast aside, because of the fact that the commission is not allowed to involve themselves with the activities of any club. "Clubs are separate organizations and their success or failure relies solely on them," answered Mr. Borough.

Bev Staton and Earl Arnett, commissioner of girls' athletics and vice-president, respectively, offered views on the subject. Staton said: "Why not have a series of Friday night juke box dances in the women's gym?" Arnett thought: "A dance following our annual banquet for athletes and dates would help in raising money."

President Tony Mercante said, "Even the committee that was named to formulate plans to produce spirit failed to get together, and thus definite plans are still not at hand." The Pep Club was reorganized without the aid of some of these "spirit boosters" who neglected to attend.

REGIONAL CONVENTIONS

Mercante stated, "The central section was not the only meeting that had poor attendance at the recent junior college regional conventions. The Southern and Northern Conventions both were poorly attended." Visalia conference partially redeemed the junior colleges' efforts to meet, exchange ideas, and iron out difficulties that are encountered by the junior colleges.

Another topic brought up and voted on was the awarding of blocks to Dave Nelson, Bob Williams, and Lloyd Smith, all members of last year's golf squad.

NAMING DELAYED

The naming of the junior college gym, track, and baseball awards were delayed until after Easter vacation. Suggestions are to be placed in a suggestion box by students and voted on by the commission.

ELECTION...

(Continued From Page 1)

standing member of La Reata staff chosen by Mr. Stuart Dufour, faculty advisor, are given a pen. It is the intention of the commissioners to present the awards at a future assembly.

ture by Rossini; Bells Across the Meadows by Ketelby; Larghetto, Second Movement from Second Symphony by Beethoven; Serenade for French Horn and Strings by Lorell McCann, with solo horn, Stephen McCann; violins, Stanley Scott, Elizabeth McCormack; viola, Kathryn Cash; cellos, Beatrice Mosley, Wayne Henderson; Four Indian Love Lyrics by Amy Woodford-Finden.

Temple Bells, Less Than the Dust, Kashmiri Song, with Marion Cunningham, cornet soloist; and Till I Wake will also be featured numbers on the program. Arioso by Bach features Beatrice Mosley as cello soloist and Dolores Johnston at the piano. La Media Noche Serenade from Hispania Suite by Albert Stoessel; The Syncopated Clock by Leroy Anderson; and Sleeping Beauty Waltz from the Ballet Suite by Tchaikovsky complete the program.

The orchestra personnel is as follows: Violins, Stanley Scott, Gwayne Frew, Elizabeth McCormack, Lucy Huizenga, and Bernard Terfertiller; French horns, Stephen McCann and William Burgman; viola, Kathryn Cash; cello, Beatrice Mosley and Wayne

GALA DANCE...

(Continued From Page 1)

Block "S" talents will parade their "stuff and nonsense" for the evening's frolic during intermission. A lovely door prize will be given away to a lucky ticket holder, and refreshments will be served.

Theme of the spring soiree has remained a "secret," and will be unveiled at the opening tonight. "Many tickets have already been sold by Block 'S' sweater men, and the more-the-merrier axiom still goes," stated Ernie Currier, ticket committee chairman.

So in spring the young man's fancy turns to having a wonderful time at the Block "S" dance tonight, 9 to 12. Admission is \$1 per couple and six bits for members of the "lone wolf patrol."

Student Matinee Set for May 1

A matinee performance of "January Thaw" will be given on May 1 for those students who live out of town and others who wish to see it at that time.

Miss Faith Fraser, director, stated that the play is coming along in an excellent manner and that the cast is doing a fine job on characterizations.

The art department is busy making plans for the stage set and everyone connected with the play is working very hard to make this spring play the best ever presented on the Little Theater's stage.

Every Tuesday night the cast meets and rehearse their scenes from 7 until 9.

How the Gage family and the Rockwood family solve their problems and quarrels will be nothing short of a riot of laughs.

Tickets will start going on sale April 7.

EXPERIENCED ACTORS IN CAST

Those in the cast, in order of appearance, are: Frieda, Bette Marshall; Herbert Gage, Holt Wood; Sarah Gage, Carmen Mercante; Paula Gage, Nancy Watson; Marge Gage, Jacquelyn Anderson; Barbara Gage, Barbara Barnett; George Husted, John Condon; Jonathan Rockwood, Jim Clark; Mathilda Rockwood, Joan Waite; Mr. Loomis, Earl Arnett; Uncle Walter, Bill Holm; Matt Rockwood, Grover Grant; and Carson, Bob Bushta.

Henderson; bass, Mary Galpin; cornets, Gerry Magoon, Marion Cunningham; trombones, Donald Dean and Robert Lucido; tympani and bells, Gene Nielsen; and soloists, Stephen McCann, Marion Cunningham and Beatrice Mosley; piano, Dolores Johnston. The violinist-director is Lorell McCann.

No Enthusiasm - No Hawkins' Day!

Upsilon Gamma Chi will have a meeting in the women's gym at 3:30 p.m. Monday, April 7. Club advisor, Miss June Handley, announces that final plans will be made for the annual Sadie Hawkins' Day.

Every S.J.C. woman belongs to this club, and Miss Handley stated that unless more students come to the meeting and are willing to help, it will be impossible to have Sadie Hawkins' Day.

CAMPUS CLOTHES

By
PATTIE WEATHERBIE

Easter will soon be here and do all the coeds know yet what their new Easter outfits will be? Perhaps a pastel shortie coat over a silk print, or one of those new flattering suits with the decidedly new back interest, or a navy blue sheer with white trim in one of those pleated all-around frocks. Flowers, the floppier the better, are adorning the little 'n big straw hats. Here, too, back interest is greatly accentuated with long streamers, bows, and fishnet veiling. All on the back of the head.

Flowers are in beautiful quantity on the campus now—around the college, in vases, and replacing barrettes and bows on the J.C. women's heads. For example, when Diana Daniels wore her light rose ballerina skirt with an eyelet trimmed low-neck white cotton blouse, she added two lovely large, light, pink roses, one over each ear . . . what could be more feminine! Barbara Timmons chose fuschia bouganvillas to be worn in her hair when she wore a light blue cotton frock with white embroidery on the short sleeves. Margaret Melrose chose yellow jonquils to match a light, bright yellow cotton dress . . . a color worn especially well by a brunette.

Speaking of the "light" colors, we must mention the V-necked, slip-over, wool sweater Bob Wigham is wearing. The color is a light creamy yellow which is the same golden tone (only several values "lighter" by now) of the cords Bob wears also, a very complementary combination. Jack Fourcade's cords make an unobtrusive background for his bright red wool shirt and his bright red matching socks. Dazzling at first, isn't it?

Carol Hicks looked like a candy confection this week in a very light pink, handknit, sweater with short sleeves worn over a pleated wool pastel plaid of pink, light green, and lavender. Angora socks matched the delicious light pink of the slip-on sweater . . . All that, and Carol, too!

The red and green "Christmas is coming" thought never enters your head when you see the beautiful red and grayed green plaid in Bob Bailey's all wool sport shirt. It is truly lovely. Another plaid worth noting is the dark blue and red plaid in Cliff McCormick's wool sport shirt. Warm enough for the Country Club, Cliff?

Pep Club Reorganized; Members Elect Phil Cordrey President

Phil Cordrey was elected president of the Pep Club at a meeting held last Monday in the women's gym during the noon hour. Don Prince was elected vice-president.

Purpose of the meeting was to reorganize the club and elect the two officers. Student body president, Tony Mercante, presided at the meeting. He discussed a new club constitution which will probably limit the number of members as well as give a more definite goal.

Dick Heim was appointed chairman of a constitution committee to draw up the new constitution. Others appointed to the committee are Marge Diaz, Tony Mercante, Phil Cordrey, and Don Prince. Chairman Heim said that he would welcome any suggestions for the constitution.

Members voted that the club pay its share in the sponsoring of the Pomona College Men's Glee Club performance for the student body, April 11.

Dufour Speaker At AGS Meeting

Journalism instructor Mr. Stuart Dufour spoke to the members of the junior college honor society, Alpha Gamma Sigma, at a meeting last Monday at 3 o'clock in room 2. Mr. Dufour's topic was "The Sociological Aspects of the Atomic Era." He also led the group in a discussion, particularly of the family as a unit in the atomic era.

Several changes in the constitution proposed by the state administration were voted upon at the meeting, and Lloyd Smith was appointed chairman of a committee to determine the gift that the society will make to the junior college library as it does every year.

Women Return Badminton Match

Salinas Junior College girls played a return badminton match with Carmel High School girls at Carmel last Monday afternoon. S.J.C. won four doubles matches, lost one doubles match, and lost two singles matches.

The players were Ellen Yuen, Lorraine Morgan, Beverly Staton, Audrey Mawdsley, Ramona Simpson, and Martha Breslauer, with Miss June Handley as advisor.

INQUIRING REPORTER . . .

Question: What do you think of school spirit here at Jaysee?

Margie Diaz, lower division, Monterey:

During the past school year, it has been proved to me that no amount of driving on the part of the student commission is going to create school spirit. This school spirit comes from within the individual just as honesty and integrity does. You should know what school spirit is.

It's up to the individual himself to revive that dormant spirit and use it for the good of the school, and for the good of himself. Everyone of us is inherently selfish but everyone of us should have a feeling of pride, too. A school is no more than what the students make it.

Keith Daugherty, pre-dental student, Salinas:

I don't believe that our school spirit is as bad as it is cracked up to be. It certainly is not any worse here than it is at any other college.

Tony Mercante, pre-legal student, Monterey:

School spirit here seems to be up at one time and down at another. What the reason is for this fluctuation is difficult to say. Last week, the student body meeting was very successful; this week the Pep Club meeting was a flop! The spirit is there, the problem is to raise it from its lethargic state.

Frances Burt, liberal arts student, Salinas:

I don't think that the spirit here is bad at all considering the distances most of the students have to come to attend games.

Betty Hillsen, art student, Watsonville:

The only way to improve school spirit is to make dances and other functions more attractive with bigger orchestras.

Patria Morales Comes To U.S.A. For Education

By ALICE MACARTNEY

One of S.J.C.'s more interesting students is Miss Patria Morales, young Filipino girl who is now here taking a commercial course.

Miss Morales attended high school in Mindanao, a southern island in the Philippine

group. She was to have graduated in 1942, but the war broke out, thus cancelling any plans for a formal graduation ceremony. The students of the class of '42 automatically graduated, however, shortly before the residents of Mindanao were forced to take to the hills to escape the Japanese troops who were invading the islands. Miss Morales spent all the war years in the mountains hiding from the Japs.

At the close of the war, Miss Morales began proceedings to enter the United States to continue her education. Before she could come to America, the Filipino girl had to get permission from Salinas Junior College to enter upon her arrival.

The attractive young girl was able to enter J.C. late in the fall semester. She is living with an aunt and uncle here.

Her parents are still located in the Philippines.

When asked about the colleges in the Philippines, Miss Morales stated that there were very few books, and educational facilities in the Filipino universities. She is greatly impressed by the abundance of educational equipment in America in contrast to that of the Philippines, where everything is in ruins after the Japanese invasion.

Miss Morales hopes to graduate from the junior college and return to her home again and put her commercial training to good use.

She will be remembered by J.C. students for her dance number at the student body dance last Saturday night when she skillfully rendered a native dance while carrying a glass of water on her head.

Then maybe the people who make it a habit NOT to come would be more enthusiastic.

David Nelson, wild life conservation student, Santa Cruz:

The fact, pure and simple, is that the quality of entertainment offered by the school is not worth coming 50 miles to see. Why should students come from Santa Cruz when they can see equally good ball games and dances by traveling only 5 miles?

Students Attend Chico Convention

Home economics convention at Chico last week end was a great success, according to those who had the privilege of attending. It was the annual convention for colleges of Northern California. Betty Sievert, Pauline Person, Carol McCann, and Bertha Black, accompanied by advisor Mrs. Hope Baxter went to the meeting. Former S.J.C. student Mrs. Don Stewart (Gerry Messick) took the women in her car.

The Salinas group won second prize for their skit written by Charlotte Dawson. They also led a discussion on family relations.

Guests of the convention were guests at the lovely Richardson Springs resort near Chico. It is known as the "Land of Camellias" because of the great number of camellias that grow there.

Mrs. Baxter announced that next year's convention will be at Fresno State College, and the meeting may actually be held in Yosemite.

Lemos Speaks To Exchange Club

Salinas Junior College president, John B. Lemos, spoke before the local Exchange Club on Monday, March 24. The text of the speech was in report form, covering the progress of the Salinas Junior College.

Details of the report included enrollment being up to pre-war standards and the fact that many veterans are in attendance.

CIVIL SERVICE JOBS AVAILABLE

The Medium Security Prison at Soledad has opened job opportunities to go into civil service jobs. At present, there are openings for two intermediate stenoclerks and one typist-clerk; and there will be more jobs in the near future. Anyone interested may secure applications for civil service exams in Miss June Handley's office.

NETSTERS AND TRACK MEN GO NORTH

Salinas Junior College track and tennis squads will spend the week end in the Bay Area, Coach G. D. Peavy's netmen engaging San Francisco J.C. tomorrow in the big city while the track team is in Berkeley. In the cinder event, Salinas, Modesto, and Sacramento will combine and meet the University of California in what should prove to be an interesting event.

The tennis team looks like a top contender for the N.C.J.C.C. net crown after drubbing Stockton J.C., 5-2, last week end in Stockton. George Gossler, Roy Marnach, Ronald Bebb and Don Prince form the nucleus of a strong aggregation.

Both Gossler and Marnach displayed plenty of stuff by whipping their Stockton opponents, 6-1, 6-1 and 6-1, 6-3, respectively.

In the track meet, Salinas will offer their chief aid to the tri-j.c. team in the persons of Ken Stivers and Dean Dillingham, lone first place winners for the Panthers in the San Francisco affair.

Intramural Ball Play Commences After Easter

Immediately following Easter vacation, Coach G. D. Peavy's intramural softball league will get under way with seven teams slated to formulate a noon-time league. The games will start immediately at 12:10 every day excepting Friday and run until the 12:50 deadline. The final score will be computed on the basis of the last full inning played before the time limit.

Mr. Peavy has laid down strict rules that no cleats may be used in the games, no gloves may be used by any player aside from the first baseman and catcher, and the squads must have at least eight players to start the game. A twelve-player limit rule will also be enforced.

The teams will play the usual round-robin schedule and, should any dispute arise on different rulings, team captains will make the necessary decisions. The captains are Phil Trine, Tom Cerney, Earl Burns, Ross Smith, Don Prince, Jim Blinkenberg, and Gene Grant.

TENNIS TEAM SCORES WIN OVER CUBS

Displaying adequate skill and experience, the Salinas Junior College netmen marked up their first win in their initial conference start against Stockton at the Cubs' home city last Saturday, by a 5-2 score.

George Gossler and Ray Marnach, the Panthers' two top stars, had an easy time in turning back Bill Mundt and Bud Klein. Gossler, defending Northern Junior College singles champ, is apparently still the class of the conference. Marnach, ex-Watsonville high school star, has developed rapidly, and will give any opponent a tough time when he's right.

Don Prince looked good in winning his singles match. He also teamed with Ron Bebb to help take one of the doubles matches.

Complete results of last Saturday's matches are as follows: George Gossler (S) defeated Bill Mundt (ST), 6-1, 6-1; Ray Marnach (S) defeated Bud Klein (ST) 6-1, 6-3; William Cunningham (ST) defeated Ron Bebb (S) 6-2, 8-6; Don Prince (S) defeated Jim Hope (ST), 11-9, 6-1; Jack Atwater (ST) defeated Manuel Domingo (S), 7-5, 8-6. In the doubles, Gossler-Marnach (S) defeated Mundt-Rich Bramwell (ST), 6-2, 3-6, 6-2; Bebb-Prince (S) defeated Klein-Cunningham (ST), 6-2, 2-6, 6-3.

This week, the Panther tennis team goes to San Francisco to meet the Rams in their second league match.

Salinas Splits Practice Tilts

Salinas gained a split in their two practice games last week as they handed Hollister an 11-4 defeat, but lost to the Monterey Presidio nine by an 11-8 count for their first loss of the current season.

Hollister offered little competition as the Panthers repeated their easy shellacking of a week before by mauling the Haybalers in Hollister last Friday. Charlie Mornard batted out three hits in five trips to the plate to pace the Salinas stickers.

With a six-run splurge in the first inning, the Panthers coasted the rest of the way. Jim Prien hurled the entire nine innings for the winners, and had little trouble in protecting the huge Salinas margin.

In a seesaw battle, the Monterey Presidio dumped the hereto-

Panthers Open Baseball Season Here Saturday

Manager Dom Campolo's rampaging baseball nine have their first real test this week when they face the Vallejo Junior College team, in a twin bill this Saturday afternoon on Salinas Jaycee diamond. The first contest will start at 12:30 o'clock.

With an enviable practice game record behind them, the

S.F. Rams Swamp Local Cindermen With 105-26 Win

Making a clean sweep in seven of the fifteen events, the San Francisco Junior College track squad snowed under Salinas J.C., 105-26, last Friday on the local oval. The Rams used depth in virtually all of the events to great advantage and allowed the Panthers only two first places, Ken Stivers and Dean Dillingham topping the 100-yard dash and javelin, respectively.

Too many of Salinas' "white hopes" failed to show while the Rams were racking up points at will. Stivers did well in winning the 100 and running second in the 220, giving him eight points and top honors in the Panther scoring column. Dillingham was next with five while Frank Council surprised with four.

The summary:

100-Yard Dash—Stivers (S), Griffin (SF), Bryan (SF); 10.2.
220-Yard Dash—Griffin (SF), Stivers (S), Bryan (SF); 22.4.
400-Yard Dash—Caradio (SF), Mills (SF), Zarik (SF); 52.
800-Yard Dash—Wyatt (SF), Shexnayder (SF), Chapman (SF); 2:05.
1-Mile—Adamson (SF), Olivas (SF), Stern (SF); 4:55.5.
2-Mile—Gardere (SF), Dodson (SF), Olivas (SF); 10:53.
5-Mile—San Francisco; 3:36.8.
10-Mile—San Francisco; 7:12.8.
20-Mile—San Francisco; 14:25.6.
30-Mile—San Francisco; 21:38.4.
40-Mile—San Francisco; 28:51.2.
50-Mile—San Francisco; 36:04.0.
60-Mile—San Francisco; 43:16.8.
70-Mile—San Francisco; 50:29.6.
80-Mile—San Francisco; 57:42.4.
